## Ensure stable and efficient installation of your night vision and thermal devices with the PARD MT3 mount, compatible with the NV008S, NV008SP and SA32 models.

The PARD MT3 mount is designed to provide universal and quick attachment of your PARD optics. Its compatibility with the NV008S, NV008SP and SA32 models guarantees a perfect fit to your equipment. Made with robust materials, it ensures optimum stability and durability, even in demanding conditions. Its quick release system allows easy assembly and disassembly, facilitating your operations in the field.

**Technical characteristics:**

- **Compatibility** : PARD models NV008S, NV008SP and SA32
- **Mounting type** : Universal quick release
- **Material** : High quality metal alloy
- **Trigger system** : Quick assembly and disassembly
- **Stability** : Robust design for secure attachment
- **Durability** : Optimal resistance to demanding conditions
- **Ease of use** : Simple installation without the need for specialized tools

The PARD MT3 mount stands out for its easy installation and wide compatibility with the NV008S, NV008SP and SA32 devices. Its robust design ensures secure fixation, even in harsh environments, ensuring the stability and precision of your optics. In addition, its ergonomic design facilitates assembly and disassembly, providing an optimal user experience.
