A sturdy bag with an integrated seat to keep your equipment within easy reach.

The **Caesar Guerini seat-backpack** combines generous storage capacity with an integrated seat in a black and red design ideal for long days on the go. Its durable **900D polyester** construction is reinforced by a removable steel frame that adds rigidity and transforms into a stable seat when needed. A thick, padded, and also removable cushion is positioned under the top zipper for enhanced comfort while seated. Gear organization remains accessible from multiple angles: the top section opens for direct access to the contents, while side pockets offer convenient access from the sides. Numerous pockets and sturdy zipper pulls make it easy to pack ammunition and accessories needed for your session. Extra-thick back padding provides all-day carrying comfort.

- **Type:** Backpack with integrated seat
- **Brand:** Caesar Guerini
- **Colors:** black and red
- **Dimensions:** 49.5 cm high x 29 cm wide x 20 cm deep
- **Weight:** 3 kg
- **Composition:** 100% 900D polyester
- **Frame:** removable steel
- **Seat:** Integrated seat with thick, removable, reinforced cushion
- **Storage:** numerous pockets and sturdy zippers
- **Access:** top opening and side pockets
- **Comfort:** Extra thick back padding

This bag accompanies the transport of ammunition and equipment while offering an accessible seat when needed.

Transport and organization

The main compartment and numerous pockets allow for the organization of ammunition and accessories. The top closure provides access to the contents from above, while the side pockets facilitate easy access to items stored on the sides.

Frame and seat

The removable steel frame ensures the bag's rigidity during transport. It also provides a **built-in seat** for when the user needs to sit. Beneath the top zipper, a thick, reinforced cushion complements this function and can be removed if necessary.

Carrying comfort

The extra-thick back padding enhances comfort while traveling. The durable **900D polyester** construction is complemented by sturdy zippers, suitable for regular use.

Format and manufacturing

Measuring 49.5 x 29 x 20 cm and weighing 3 kg, this model combines ample storage space with a structure designed to accommodate a seat. It is made in China.
