Optimal handling

With its short 36 cm barrel and a total length of 83 cm, the **pump-action shotgun** offers excellent handling, particularly appreciated in shooting ranges and in confined environments.

Shooting ergonomics

The 320mm Pro Forces composite stock features an ergonomic grip, ensuring stability and comfort during extended shooting sessions, even for the most demanding shooters.

Easy customization

The integrated MIL-STD 1913 Picatinny rail allows for easy addition of accessories such as optics or lights, depending on the shooter's needs. The standard sights, with a low peep sight and steel front sight, provide fast and accurate target acquisition.

Cerakote OD Green finish

The **Cerakote Olive Drab Green** finish is a high-strength ceramic coating. It protects the weapon against corrosion and friction while providing a discreet matte appearance, suitable for intensive use.

Ergal 55 alloy

The **Ergal 55** frame, an aeronautical aluminum, makes it possible to obtain a weapon that is both light and strong. This alloy offers an excellent compromise between durability and maneuverability.

Additional features

- **sights:** eyepiece + steel front sight
- **Picatinny rail:** MIL-STD 1913 standard
