Cette gamme allie tous les atouts très prisés de la ligne Classic à la légèreté d'une bascule en Ergal 55 : maniables, solides, esthétique et confort optimum.

This plain rifle will not suffer from its weight during long hunting days, thanks to its Ergal rocker.

Ergal is an aluminum alloy used in aeronautics. It allows a considerable weight gain without neglecting its strength and durability.

The FAIR Classic Ergal overlay is intended for the demanding hunter looking for a quality hunting weapon with impeccable finishes, while maintaining a classic and discreet line.

Its fair balance gives it excellent maneuverability and allows an intuitive as well as efficient shoulder. Coupled with its fiber optic front sight, aiming is easier regardless of the ambient light.

Oiled Sanded Wood Finish : FAI R specific process, wood immersion, with 6 finishing coats, including 2 with TRUOIL.
