Optimize your optics mounting with these high quality Weaver bases.

The Weaver Recknagel bases offer a reliable solution for installing your optical devices. Made of black anodized aluminum, they combine lightness and robustness, guaranteeing exceptional durability. With a base height of 5 mm, they allow optimal positioning of your rifle scope, thus ensuring increased precision during your shooting sessions.

Technical characteristics:

- **Brand** : Recknagel
- **Material** : Black anodized aluminum
- **Base height** : 5 mm
- **Contents** : Front and rear bases with fixing screws
- **Rail Type** : Weaver
- **Installation** : Easy with screws provided
- **Advantage** : Weight reduction compared to a full rail
- **Use** : Mounting optical devices on rifles

These bases are supplied as a set including the front and rear bases, as well as the necessary fixing screws, thus facilitating the installation on your weapon. They are an effective alternative to complete Picatinny rails, reducing weight while maintaining compatibility with a wide range of accessories. By choosing Weaver Recknagel bases, you are opting for a quality recognized by shooting and hunting professionals.
