High power 4.5mm or 5.5mm Gamo Break-Barrel air rifle with its 3-9 x 40 wr scope

High-powered air rifle in 5.5 mm (.22) caliber for long-range shooting or pest control.

Very efficient for shooting metal gongs, its 45 joules allow you to swing gongs that a standard air rifle would not move.

Supersonic pellet at the barrel outlet (390 m/s)! Trajectory less sensitive to wind thanks to the higher weight of the 5.5 mm pellet: approximately 1g compared to approximately 0.5g for a 4.5 mm.

- Fiber optic sighting device
- Trigger with manual safety
- 11mm Raised Prismatic Rail with Rear Scope Lock
- Arming by barrel tilt (break barrel), spring compression

3-9x40 wr scope

Variable magnification up to x9 for long-distance shooting and x3 for closer shooting with an expanded field of view.

Top seller among Gamo glasses.

Top quality/price ratio, these scopes are best suited to the constraints imposed by the spring triggers of air rifles.
