JPX4 Protective Jet

Thanks to its compact design, ease of use and recharging, the JPX4 guarantees the security of your home.

If you want to protect your home from burglars, you need to be well prepared. The JPX4 Protective Jet is an unrivaled asset for your security. It provides you with a discreet, intuitive, highly effective, and effective deterrent.

Within reach, it allows you to feel safe at home.

Patented Quality for your safety

To make you feel well protected at home, the JPX4 brings you the highest quality in terms of security.
Well-equipped with its four-charge cluster of highly concentrated Piexol cartridges, you can react quickly and instinctively. As soon as the first charge has been fired, the JPX4 automatically switches its firing to the next cartridge. This saves you valuable time.

Active ingredient Piexol

The unique, highly concentrated active ingredient is extracted from the Tabasco plant, which is one of the strongest in the world. Due to its consistency, Piexol ensures additional safety in any condition.

What makes the JPX 4 so effective?

- **4 Active substance charges**

For fast and ergonomic reloading, simply open the barrel and insert cartridges in clusters or individually.

- **Handle with soft coating**

To ensure the best grip, the handle is coated with a non-slip material.

- **Innovative Propulsion System**

Unlike pepper sprays, the JPX4 boasts a patented propulsion system similar to an airbag's trigger system, with a smooth and reliable trigger.

- **Maximum effect on target**

Remains unrivaled in its category.

- **Independent of weather conditions**

The JPX4's innovative, state-of-the-art propulsion system ensures the target is reached despite wind and rain.
