A reliable and luminous battue scope ideal for shooting at close range

- 30mm Aircraft Alloy Bezel Body
- Magnification range from 1x to 8x
- Impact correction per click 1/2 MoA (14.5 mm at 100 m)
- Tool-less adjustable hunting turrets with zeroing and protective cap
- Adjustable diopter
- Multilayer lens treatment
- High-end mechanics and performance
- Fixed parallax set to 100 yards (91m)
- Illuminated type 4 reticle with a red or green light point

A quality hunting scope intended for the hunt.

Its magnification range of up to 8x, gives you greater optical versatility compared to similar models in the range with a maximum magnification of 6x.

At close range with its 1x magnification, the aiming socket allows shots with both eyes open, on a moving target.

Its great manufacturing rigor gives it incredible resistance and durability. Its reliability allows it to overcome the worst treatments and climatic conditions, and will be able to withstand the strongest hunting calibers.
