Adjust the length of your stock precisely with this sturdy, hard PVC spacer plate.

This 4.5mm thick hard PVC spacer plate is designed to fit between your gun's stock and the butt plate, allowing you to adjust the length of the stock to your specific needs. Made from durable PVC, it offers increased resistance to wear and environmental conditions, ensuring optimum longevity. The 82mm mounting center distance ensures compatibility with a wide range of guns, making it easy to install. The spacer plate fits between the stock and the butt plate.

Between fixing axis: 82 mm.
