Work precisely and reliably thanks to the secure hold provided by the Wera 819/1's powerful magnet.

The Wera 819/1 is a high-quality combination screwdriver, designed to deliver optimum performance during your screwdriving operations. Equipped with a powerful permanent magnet, it ensures a secure hold of the bits, making work easier even in difficult conditions. Its ergonomic multi-component Kraftform handle guarantees a comfortable grip, reducing fatigue during prolonged use. Compatible with 1/4" hexagonal drive bits in accordance with DIN ISO 1173-C 6.3, it adapts to a wide range of bits for various applications.

Technical characteristics:

- **Manufacturer Part Number**
- **Dimensions**
- **Blade material**
- **Handle**
- **Magnet**
- **Compatibility**
- **Anti-roll function**
- **Weight**

This screwdriver is ideal for professionals who demand precision and reliability. Its chrome-plated hexagonal blade ensures increased durability, while the anti-roll function prevents the tool from rolling on inclined work surfaces. Whether you are a gunsmith, shooter or hunter, the Wera 819/1 offers you an efficient solution for your screwdriving needs, ensuring precise and safe work.
