High-performance military silencer, designed to withstand the most demanding rates of fire.

The **STEYR BREEZER OSD .30 caliber** is a high-end telescopic sound suppressor, specially designed for demanding hunters and sport shooters looking for military efficiency and robustness.

- **Type:** Telescopic silencer with barrel cover
- **Noise reduction:** 31 dB at 1 m - 30 dB at the ear
- **Total length:** 228 mm
- **Added length:** 146 mm
- **Diameter:** 45 mm
- **Weight:** 400 g
- **Available threads:** M14x1, M15x1

Military technology in the service of hunting

The STEYR BREEZER OSD is much more than just a sound moderator: it incorporates **STEYR's technology and experience in the military environment** , guaranteeing **exceptional durability** even during sustained rates of fire. Thanks to its telescopic design, it partially covers the barrel to provide **balanced weight distribution** and excellent handling.

Unparalleled shooting comfort

With an attenuation measured at **31 dB at 1 m** and **30 dB at the shooter's ear** , this silencer ensures remarkable noise reduction while limiting hearing fatigue. Its compact design (228 mm for only 146 mm added to the weapon) makes it a perfect ally for hunting from a hide or stalking.

Advanced Features

- **Max barrel diameter:** 18.5 mm
- **Finish:** Hard anodized for increased strength
- **Caliber compatibility:** 6.5 mm / .25" and 7.62 mm / .30"
- **Optimized weight:** 400 g, to avoid unbalancing the weapon
- **Quick assembly:** standard M14x1 and M15x1 threads

A premium solution for enthusiasts

Choosing a **STEYR BREEZER OSD** means choosing a silencer designed by an exceptional brand, combining **acoustic performance, reliability and compact design** . Ideal for demanding hunters and sport shooters looking for constant efficiency, even in extreme conditions.
