- **Barrel length:** 46 cm (18?)
- **barrel:** Lothar Walther, burnished matte black
- **Coating:** non-reflective and dirt-resistant
- **no scratches:** 1:8
- **Thread:** 1/2×28 UNEF
- **Handguard:** M-Lok
- **Weight:** 4.35 kg
- **Magazine capacity:** 10 rounds
- **Trigger pull:** adjustable from 1000 to 2750 g

- **Supplied with bipod:** 17.5 - 24.5 cm.
- **Comes with 4 Picatinny rails**

Canon Lothar Walther

This **.223 Remington semi-automatic rifle** is equipped with a **Lothar Walther** match-grade barrel, renowned for its exceptional accuracy and durability. Its matte finish provides a non-reflective and dirt-resistant surface, perfectly suited to outdoor shooting conditions.

Ergonomics and personalized settings

The **adjustable grip** adapts to hand size for optimal comfort. The cheek rest and butt plate of the **MagPul PRS** stock are fully adjustable, allowing the shooter to customize the rifle to their physique and optics.

Precision trigger

The **adjustable trigger** offers a range between 1000 and 2750 g. This flexibility allows the shooter to choose the most suitable configuration, whether for competition or precision shooting at the range.

Complete ambidextrous system

The ambidextrous design incorporates a charging handle with vents for a sound moderator, a slide stop, and a switchable 45°/90° safety. Each control is designed to suit both right- and left-handed users.

Accessories included

The rifle comes with an adjustable bipod (17.5 to 24.5 cm) and features four Picatinny rails, three of which are removable, facilitating the integration of optics and accessories. A **NoRec** compensator and a **Multi Wire suppressor buffer** system complete the equipment.

7075 T6 Aluminum

The cases, forged from **7075 T6 aluminum,** offer high mechanical strength while maintaining a low weight. This material, originally used in the aerospace industry, guarantees durability and reliability.

Direct Impingement System

The **direct impingement** gas system ensures a smooth cycle and more linear recoil, contributing to better aiming stability and increased accuracy.

- **compensator:** Schmeisser NoRec
- **Buffer:** Schmeisser Multi Wire silent
- **tube:** MilSpec full
- **Available finish:** Black or Tan (FDE)
- **Picatinny rails:** 4 in total
