This waterproof anti-bark collar has been specially designed for dogs that stay outdoors.

Do you have neighborhood problems due to your dog's excessive barking as soon as you leave your home? The anti-bark device for dogs, Canicalm Premium will meet your expectations. This waterproof anti-bark collar has been specially designed for dogs that stay outdoors. It will withstand heavy rains or even total immersion without any problem. This effective bark control device stops your dog from barking excessively during your absences.

- Weight: 70 g (case + battery)
- Dimensions: 58 x 41 x 34.5 mm
- Power supply: 1 lithium battery 3 Volts CR2 (supplied)
- Dark blue nylon strap: length 64 cm / width 25 mm - adjustable at the neckline from 20 to 55 cm approximately

The Canicalm Premium collar is a very effective anti bark device for dogs: you will limit the noise nuisance caused by your dog's barking and you will find normal relations with your neighborhood.

- Waterproof
- 3 levels of electrostatic stimulation that adapt to the character and sensitivity of each dog

The Dog Bark Collar is triggered when it senses the vibrations of your dog's vocal cords. You can adjust the bark detection sensitivity of your Canicalm Premium collar. At the first bark, your dog bark collar will emit audible beeps immediately followed by weak, strong or gradual stimulation depending on the mode you have chosen.

Once your dog has been conditioned, you can choose the "sound warnings only" mode and inhibit the stimulation, your dog will react to the sound warning and stop his barking.

- 2 years warranty
- Immersion-tight collar
- Autonomy: about 6 months
