NUM190	Iki Pulse	Vente libre	88	126.00 € incl. tax

Does your dog bark all day and it annoys your neighborhood? The Iki Pulse rechargeable anti-bark collar will bring you an effective solution that will not require consumables.

Rechargeable, the Iki Pulse bark collar has several operating modes - beeps or adjustable intensity stimulation -. You adapt the setting of the Iki Pulse collar to the character and sensitivity of your dog.

With this anti-bark collar you will ease any tensions with your neighborhood.

- Weight: 88 g (case + battery)
- Dimensions: 66 x 33 x 35 mm
- Power supply: built-in 3.6 Volt Ni-MH rechargeable battery
- Nylon strap: length 64 cm / width 20 mm - adjustable at the neckline from 17 to 55 cm approximately
- Rechargeable anti-bark collar thanks to the charger supplied with it (does not require consumables)
- Waterproof
- Several operating modes that will allow you to adapt the setting to the character and sensitivity of your dog

Iki Pulse is triggered when it detects vibrations in your barking dog's vocal cords. From the first bark, the collar will send an audible warning followed by a short, long or progressive stimulation depending on the mode you have chosen. You can adjust the intensity of the stimulation.

Your dog will therefore stop his unwanted barking. Eventually, it will be conditioned by the sound warning and you can set your bark collar to "sound warning only" mode.

A diode serves as a battery wear indicator and alerts you to the need for recharging.

- 2 years warranty
- Immersion-tight collar
- Battery life of the rechargeable anti-bark collar: about 1 month
