Pour le réglage des votre lunette sur votre carabine

Fully adjustable bridge, One mechanical jack to raise the barrel and one to lower the stock.
3 adjustable feet as well as the 2 rifle supports.
Allows you to adjust your scope in just 3 weights:

- Fire a first pellet aiming at the center of the target, then without moving the rifle, use the adjustment wheels to bring the reticle to the point of impact.
- Pull a second pellet which should be very close to the center and repeat the adjustment to refine.
- Pull a third pellet to confirm the setting.
