

NUM'AXES

SKU	Designation	French Law	MSRP
NUM430	Canifly 200m	Vente libre	460.00 € incl. tax

The Canifly First remote control can be used to control 1 to 6 Canifly launch boxes up to a range of 200 meters (possibility of adding additional launch boxes at any time).

The Canifly flight box allows you to propel a bird (pigeon or partridge) at the precise moment you decide to do so in order to simulate the flight of game and to work on a training exercise related to this flight (wisdom at flight, English version of the retriever).

By placing a ball in the take-off box, it can also be used to motivate the dog to jump.

Exclusive to NUM'AXES

- immersion-proof control box
- autonomy: about 250 openings
- weight: 2.380 kg
- dimensions open box: 30 x 24 x 30 cm
- closed box dimensions: 30 x 13 x 30 cm
- Power supply: 3 LR06 AA 1.5 Volt alkaline batteries (included)
