Improve the accuracy of your shots with the Audere Levitas™ mount, combining compactness and robustness.

Made from 7075-T651 aluminum, the Levitas™ is finished with a Type 3 hardcoat anodizing, ensuring increased durability and strength. Compatible with 1913 (Picatinny) or NATO rails, it easily adapts to various weapon configurations. Available in 30mm or 34mm diameters, with 0 or 20 MOA cant options, it meets the specific needs of demanding shooters.

- Robust and lightweight assemblies
- Four ScopeLink™ interfaces for attaching optical accessories
- Compatible with any 1913 (Picatinny) or NATO rail
- Made of 7075-T651 aluminum
- Finished with Type 3 hard coat anodizing (MIL-A-8625 TYPE 3)

The Audere Levitas™ Cantilever Mount is designed for modern semi-automatic rifles, providing a versatile solution for sporting and professional shooters. Its compact design allows for a wide range of mounting options, while supporting the most powerful calibers with a robust clamping system. The integrated ScopeLink™ interface makes it easy to add optical accessories, such as backup sights, positioned on top or at 45 degrees, without increasing the footprint. In addition, the integrated bubble level and 20 MOA tilt option make it ideal for long-range shooting.
