- **FRONT** : Daniel Defense MFR 15 ", CNC machine made from 6061-T6 Aluminum, Type III Hard-Coat Anodized

Made in the USA!

All [DANIEL DEFENSE](#) parts are subjected to meticulous tests and trials, in compliance with military standards (magnetic test to detect any defects)

The guns chambered in 5.56x45 mm, are designed to withstand in the long term, military-type ammunition developing a pressure and energy appreciably higher than that of the .223 Rem, which is the civilian equivalent.
