A CERAKOTE FLAT EARTH coating, used by numerous armed forces, is applied to this PISTOLGRIP version. In addition to the aesthetic appeal of this color, it also provides, and most importantly, superior surface protection against corrosion and wear.

The FABARM PROFESSIONAL division, created in 2015, aimed to revolutionize the approach to pump-action shotguns of recent decades, and this objective has been fully achieved. Forget technical criteria focused on production cost; with the STF/12, only performance matters. The 61 cm barrel, overall length including the fixed muzzle brake, is perfectly matched to the magazine tube, which here holds 4+1 rounds. The CERAKOTE Mil Spec Green finish combined with the deep black of the composite is stunning. Finally, like all STF/12 models, this version is upgradeable with the possibility of mounting numerous peripherals. This shotgun is proofed to 1630 BAR.

- **barrel length:** 61 cm
- **Total length:** 117 cm
- **stock:** fixed synthetic with perforations

Rifled pump-action shotgun with fixed skeletonized stock and Picatinny rails.

The Italian brand **Fabarm** has developed the **STF 12** range to offer modern, robust pump-action shotguns designed for sport shooters. Each model combines technical innovation with finishes adapted to field requirements.

The **Fabarm STF 12 Pistolgrip OD** is a Category C pump-action shotgun designed for sport shooting and recreational use. It combines an ergonomic, skeletonized fixed stock and a rifled barrel with a muzzle brake for optimal stability.

Comfort and ergonomics

The **fixed, openwork composite stock** reduces weight while maintaining excellent strength. Its **HRA recoil pad** effectively absorbs recoil for lasting shooting comfort.

Rifled barrel with muzzle brake

The 61 cm barrel is equipped with a **muzzle brake** that channels gases to reduce recoil and improve firing control. The rifling of the barrel stabilizes the projectiles, enhancing accuracy.

Integrated Picatinny rails

Picatinny MIL-STD 1913 rails are present on the top and under the handguard. They allow for the attachment of optics, lights, or grips, adapting the rifle to the shooter's preferences.

OD finish

The **OD (Olive Drab)** color gives the rifle a tactical and discreet style, appreciated for its versatility at the shooting range as well as during outdoor training.

Detachable sights

The rifle comes with a **removable diopter and front sight** . These sights allow for accurate shooting and can be removed if the user prefers to mount optics.

- **Sights:** detachable diopter and front sight
- **relaxation:** Racing
- **Picatinny rails:** above and below the handguard
- **Finish:** Olive Drab
- **Packaging:** cardboard box
