- **barrel length:**
- **total length:**
- **weight:**
- **stock:**

Comfort and ergonomics

The **fixed, open-worked composite stock** reduces weight while maintaining excellent strength. Its **HRA shock-absorbing pad** effectively absorbs recoil for long-lasting shooting comfort.

Rifled barrel with muzzle brake

The 61 cm barrel is equipped with a **muzzle brake** that channels gases to reduce recoil and improve fire control. The barrel's rifling stabilizes projectiles, enhancing accuracy.

Integrated Picatinny rails

**MIL-STD 1913 Picatinny rails** are present on the top and underside of the handguard. They allow for the attachment of optics, lamps or grips, adapting the rifle to the shooter's preferences.

OD finish

The **OD (Olive Drab)** color gives the rifle a tactical and discreet style, appreciated for its versatility at the shooting range as well as during outdoor training.

Detachable sights

The rifle comes with a **removable sight and front sight**. These sights allow for accurate shooting and can be removed if the user prefers to equip an optic.

- **sights:** detachable diopter and front sight
- **relaxation:** Racing
- **Picatinny rails:** above and below the handguard
- **finish:** Olive Drab

- **packaging:** cardboard box
