A beautiful black version of this STF/12 PISTOLGRIP, with a black anodized, anti-reflective frame. The stock is fixed, and its composite components, like the grip and handguard, feature a soft-touch coating for a perfect grip.

With the STF/12, performance is the only thing that matters. The 61 cm barrel, overall length including the fixed muzzle brake, is perfectly matched to the magazine tube, which here holds 4+1 rounds. The CERAKOTE Mil Spec Green finish combined with the deep black composite is stunning. Like all STF/12s, this version is upgradeable with the option to mount numerous peripherals.

- Barrel: 61 cm rifled, proofed to 1630 Bars, with muzzle brake and barrel jacket
- Capacity: 4 + 1 shots (with 12/67 ammunition)
- Sights: detachable diopter and front sight
- Stock: 320 mm, fixed composite _ Trigger: RACING
- Comes in a cardboard box

A pump-action shotgun with "Made in Italy" quality standards! The MARTIAL FR, chambered in 12-gauge Magnum, features a rifled barrel to comply with French law's Category C firearm classification. The "PRO FORCES" stock provides excellent handling, even with one hand. A Picatinny STD-MIL 1913 rail can be mounted on the receiver without any special modifications; the milling and tapping holes are already provided by the manufacturer.

Ergonomic and comfortable thanks to its high-quality HRA recoil pad. Its fixed stock ensures impressive accuracy shot after shot, all with perfect handling. It can also be equipped with a MIL-STD 1913 Picatinny rail. The mounting rail is easily accessible and, thanks to a retaining screw, allows for quick optic changes.
