All the qualities of the ASPER 2 CLASSIC GOLD with an Ergal receiver featuring a large steel insert on the breech face.

The very design of this action, with its curved sides and a wide, flat, forged steel locking bolt, guarantees exceptional durability and robustness while weighing only 2.80 kg. The Asper 2 incorporates a specific optics mounting system anchored solely to the forend, without any contact with the barrel, thus allowing for optimal accuracy. The highly ergonomic hogback stock with cheekpiece is also available in a version for left-handed hunters.

- Ergal rocker, nickel-plated finish + gold accents
- Pistol grip stock with cheekpiece, length 367 mm.
- Single expansion
- Slope at the BUSC: 48 mm
- Heel slope: 64mm
- Delivered in a cardboard box.

The technical objective of FABARM was also to produce an express rifle using an Ergal receiver. In order to offer on the market a light and handy express rifle.

An extractor version of the ASPER 2 for those looking for an elegant and functional weapon.

The animal engraving with golden subjects is enhanced by an Ergal finish favoring weight.

The barrel with a length of 55 cm has an adjustable convergence at its muzzle and sights with fiber optics. The buttstock with its pigtail profile allows fast and precise aiming.

In order to optimize the extraordinary quality/price ratio of this express, FABARM offers a specific removable mounting that will allow the use of your ASPER 2 CLASSIC express with a red dot at a lower cost.
