Muzzle brake to limit the recoil of the weapon when firing

- For caliber .30
- Thread M14x1 LH
- Machined from high strength steel
- Double cavity
- High resistance black treatment
- Supplied in an ABS case

The mounting of a muzzle brake on a shooting rifle, whether semi-automatic or with bolt, makes it possible to significantly reduce the recoil of the weapon and the raising of the barrel at the time of shooting.

This muzzle brake makes it possible to gain firing stability, improving the re-battery of the weapon for a faster sequence of shots. An essential accessory for the customization and personalization of sport shooting rifles.

In addition to increased performance, the AUDERE muzzle brake with a compact, modern and elegant design that will bring a racy and tactical touch to your shooting weapon, such as an AR10.
