A compact and high-performance silencer for hunting

The **STALON Victor L** is aimed at hunters looking for **maximum noise reduction** without compromising on handling. At only 325g and 258mm in length, it remains incredibly compact and efficient, offering an attenuation of **32.5dB in .308 Win caliber**.

A smart telescopic design

Thanks to its **telescopic design with barrel cover**, the Victor L limits the weapon's extension to only 163 mm at the front. This architecture ensures excellent **mass distribution**, improving the rigidity of the assembly and avoiding any alteration of accuracy, unlike models fixed only at the end of the barrel.

Versatility and adaptability

The Victor L is optimized for **standard calibers up to .30**, and remains compatible with multiple threads to fit a wide range of modern rifles.

- **Calibers available:** max .243, max 6.5mm, max .30, max 8mm
- **Compatible threads:** M12x1 to M18x1, 1/2x20 UNF, 1/2x28 UNEF, 5/8x18, 5/8x24 UNEF

- **Heat resistance:** up to 250°C, with melting point of the backing at 200°C
- **Durability:** approximately 20,000 shots under normal use
- **Available accessories:** neoprene cover, open viewfinder, accessory holder

Robustness and elegance

Constructed from **high-quality anodized aluminum** , with **aluminum baffles** and a **stainless steel core** , the Victor L combines strength and lightness. Its **stainless steel thread** guarantees exceptional longevity. Its matte black design, enhanced with a **gold rear ring** , adds a touch of elegance to your rifle.

A premium choice for stalking and approaching

Ideal for **quiet hunting** , the Victor L offers a perfect combination of **noise reduction, comfort and precision** . Tested according to the **military protocol MIL-STD-1474D** , it guarantees reliable measurements that comply with the most demanding standards.

A silencer built to last, and designed to offer hunters an optimal experience.
