■ Barrel overhang:

A silencer designed for precision and discretion

Designed for calibers **.243 to .375** , this suppressor excels both on approach and from a stand. Its telescopic design with **barrel cover** provides optimal rigidity and prevents any deformation, thus ensuring **consistent accuracy** even after long shooting sessions.

STALON Technology and Performance

With an impressive **31 dB** noise reduction, validated by the **MIL-STD-1474D** military protocol, this silencer combines performance and shooting comfort. The **rear decompression chamber** system helps to significantly reduce recoil, providing a smooth and pleasant experience.

- **Thread Compatibility:** Multiple (M14x1, M15x1, M17x1, M18x1, 5/8x24)
- **Use:** hunting from a stand and stalking
- **Durability:** exceptional thanks to stainless steel and aeronautical aluminum
- **Maintenance:** easy thanks to the interchangeable front part

A premium choice for enthusiasts

Every detail of the **STALON XE108** has been designed to offer a perfect balance between **acoustic performance** , **handling** and **elegant design** . A safe investment for hunters wishing to shoot efficiently and discreetly.

Choosing this model means choosing excellence with complete confidence.
