- **Visible length:** 7.5 mm
- **Weight:** 7 to 9 g
- **Material:** Durable composite
- **Color:** black
- **Packaging:** individually

An essential accessory for your STALON silencers

The **STALON barrel rest** has been specially developed to provide **increased stability** for **Victor** and **X-Series** silencers. Placed at the rear of the decompression chamber, it provides an additional fulcrum against the barrel, ensuring that the silencer remains perfectly **aligned and ready to fire** .

Compatibility and accuracy

This support is available for two distinct ranges:

- **Victor-Series:** diameter 41 mm, total length 14 mm
- **X-Series:** diameter 45 mm, total length 11 mm

In both cases, the **visible length is 7.5 mm** , allowing for discreet and efficient integration. Its **13 mm hole diameter** ensures perfect compatibility.

Lightness and robustness

Made of **durable composite** , this bracket weighs only 7 to 9 grams, not adding any weight to the assembly. Its black finish perfectly matches the STALON silencers for a sober and professional look.

Why equip your silencer with a STALON support?

In addition to extending the life of your suppressor, this mount helps **maintain the accuracy** of your shots and reduce mechanical wear. It's a recommended accessory for demanding hunters and shooters who want to ensure their equipment operates optimally.

A **small accessory** that makes a **big difference** in the longevity and efficiency of your STALON Victor and X-Series mufflers.
