A conical support that combines reinforced support and a sleek design.

The **STALON Conical Barrel Mount** for Victor and X-Series suppressors offers increased stability and a streamlined design, reducing the risk of snagging during transport.

- **Compatibility:** STALON Victor and X-Series mufflers
- **Hole diameter:** 18 mm
- **Victor-Series:** Ø41 mm, total length 25 mm, visible 18 mm, weight 14 g
- **X-Series:** Ø48 mm, total length 29 mm, visible 23 mm, weight 16 g
- **Material:** Durable composite
- **Color:** black
- **Packaging:** individually

An accessory designed for safety and ergonomics

The **STALON Tapered Barrel Mount** is an alternative to the standard mount, designed to provide **optimal stability** for your Victor and X-Series suppressors. Its tapered shape creates an **aerodynamic profile** , limiting the risk of the suppressor snagging in a holster or backpack during transport.

Technical characteristics according to the series

- **Victor-Series:** diameter 41 mm, total length 25 mm (visible 18 mm), weight 14 g
- **X-Series:** diameter 48 mm, total length 29 mm (visible 23 mm), weight 16 g
- **Hole diameter:** 18 mm
- **Material:** Durable, lightweight and strong composite
- **Color:** matte black

An asset for precision and longevity

By adding an **additional support point** against the barrel, this mount ensures perfect alignment of the silencer, guaranteeing **stable and accurate** shots. It also helps **reduce wear** on equipment by

maintaining the ideal position of the sound moderator.

A compact and lightweight accessory

Weighing only 14 to 16 grams depending on the model, this mount does not alter the balance of your weapon. Its neat finish integrates perfectly with the aesthetics of STALON silencers.

The **STALON conical support** is a smart choice for demanding hunters and shooters wishing to combine **practicality, robustness and safety** .
