SIP2076	M15X1 to M18X1	Vente libre	15	Black	36.00 € incl. tax

Fit your STALON M18x1 silencer to all your rifles, regardless of their thread.

The **STALON thread adapter** allows you to convert your barrel thread to **M18x1** , making your silencer compatible with several rifles without multiplying the models.

- **Compatibility:** M14x1, M15x1, 1/2x20 UNF threaded barrels
- **Output thread:** M18x1
- **Total length:** 20 mm
- **External thread length:** 15 mm
- **Internal thread length:** 19 mm
- **Weight:** 14 to 18 g
- **Material:** Machined steel
- **Finish:** matte black
- **System:** 6-sided imprint for perfect locking

A versatile accessory for your STALON silencers

The **STALON thread adapter** is the ideal solution for hunters and shooters wishing to use a **single M18x1 silencer** on several rifles with different threads. This system avoids the need to invest in several silencers, while ensuring a **reliable and secure installation** .

Compatibility and dimensions

Three models are available to cover the most common threads:

- **M14x1 to M18x1**
- **M15x1 to M18x1**
- **1/2x20 UNF to M18x1**

With a **total length of 20 mm** and a weight between 14 and 18 grams, this adapter remains discreet and does not alter the balance of the weapon.

Robustness and security

Machined from **high quality steel** , it ensures maximum resistance to mechanical and thermal stresses associated with shooting. The **6-sided imprint** allows perfect locking and easy assembly on the muzzle, preventing any unwanted loosening.

An economic and practical gain

With this adapter, you can take full advantage of the acoustic and mechanical performance of your **STALON M18x1 silencer** , regardless of the thread of your different rifles. It is an **ideal solution for versatile hunters** with several weapons.

Choosing the **STALON thread adapter** guarantees perfect compatibility and extends the life of your silencers.
