An ultra-compact and maneuverable pump-action shotgun with a pistol grip.

The **Fabarm Martial** range is designed to offer compact, reliable, and robust pump-action shotguns. With simple and effective ergonomics, these models are popular with sport shooters looking for easy-to-handle, low-maintenance, and durable firearms.

This Martial Ultrashort model combines compactness and robustness, ideal for sport shooters looking for a responsive and easy-to-use weapon.

Compactness and maneuverability

The **Fabarm Martial Ultrashort** stands out for its compact size: only 62.5 cm in total length. Lacking a stock, it is equipped with a pistol grip that reduces bulk and improves handling speed.

Tribore barrel with jacket and heat shield

The 36 cm barrel features a **Tribore** profile, an internal machining process with three progressive sections that improves projectile velocity and reduces deformation. The jacket and heat shield protect the user during sustained fire.

Interchangeable chokes

The rifle comes with a **multi-choke** , including a cylinder choke, allowing the shot pattern to be adapted according to the needs and ammunition used.

Ergal 55 carcass

Made from **Ergal 55** , an aluminum alloy renowned for its lightness and strength, the frame offers optimal resistance. Its matte black bronze finish reduces reflections and enhances its durability.

Simple and robust ergonomics

The **black polymer composite** handle ensures a firm and secure grip. The reliable and responsive single-action trigger contributes to smooth and intuitive operation.
