The most compact pump-action shotgun, only 53 cm without the muzzle brake!

The ultra-precise reloading mechanism allows for a really high rate of fire, the grip is ergonomic, the muzzle brake greatly limits recoil, all of which explain the effectiveness of this SHORT version.

- **Barrel length:** 36 cm (14") - **Proof pressure:** 1630 bar
- **Total capacity:** 5+1 shots
- **stock:** composite pistol grip
- **Frame:** Ergal 55 with anti-reflective finish - **Sights:** detachable diopter and front sight

An ultra-compact tactical pump-action shotgun developed for professionals.

The **Fabarm STF 12** range is renowned for its robustness, precision, and ergonomics. Initially developed for demanding environments, these pump-action shotguns also meet the expectations of sport shooters seeking reliability and performance.

Designed to offer compactness and efficiency, the **Fabarm STF 12 Short Black** is a modern pump-action shotgun suitable for demanding sport shooters.

Compactness and maneuverability

With its short 36cm barrel, the **Fabarm STF 12 Short Black** offers ideal handling for sport shooting requiring responsiveness and control. Its compact length facilitates movement and quick deployment.

Optimized precision

The barrel features the **Tribore HP** profile, an internal machining process that combines three progressive sections. This process increases projectile velocity, improves accuracy, and reduces

deformation.

INNER HP Accuracy interchangeable choke

The **INNER HP Accuracy choke** ensures a consistent and even shot pattern. Interchangeable, it allows the rifle to be adapted to different types of ammunition and sporting disciplines.

Versatility thanks to Picatinny rails

The upper and lower **MIL-STD 1913 Picatinny** rails offer multiple customization possibilities: mounting optics, tactical lights or additional grips according to the shooter's needs.

High-performance materials

The receiver is made of **Ergal 55** , an aerospace-grade aluminum alloy renowned for its strength and lightness. This technical choice reduces the overall weight of the rifle while guaranteeing exceptional durability.

Soft Touch Finish

The stock with its **Soft Touch** coating improves grip and user comfort. It offers better traction, even with gloves or in wet conditions.

Additional technical details

- **type of trigger pull:** racing
- **Packaging:** cardboard box
