- Grip: Polymer with textured and interchangeable back and handles
- Weight: 780 gr
- Total length: 187 mm
- Height: 142 mm
- Width: 33 mm

2019 marks a turning point for the brand: a new design for Steyr guns.

It is more specifically a new modular platform, since the handle can be adapted to the morphology of each, thanks to side pads and interchangeable antiskid backs. Other improvements have also appeared: Genuine Picatinny MilStd rail. 1913, more pronounced rear bumper, more angular bridge, more flared magazine well for easy recharging.

The carcass accommodates a removable plate in the form of an interchangeable cassette bearing the serial number of the weapon.
