- Nikko Stirling Cap
    - Unique size
    - Digital Camo pattern.

BCM has developed the grooving system for MRR or Multi Radial barrels. By replacing conventional scratches with the MRR system, guidance is improved while reducing friction and fouling. MRR barrels are ideal for lead-free or monolithic ammunition.

The benefits are multiple:

- Higher ball speed.
- Improved groupings.
- Reduced copper deposit.
- Simplified and less frequent cleaning.
