- Supplied with 10-shot magazine in the format of a 30-shot magazine
- Supplied with front hand grip
- Supplied in polymer case
- Made in USA

The [DANIEL DEFENSE](#) V7 is the last of the Canon short range (SBR) to have M-LOK® attachment technology with its [DANIEL DEFENSE](#) MFR 10.0 rail. Built on the basis of an 11.5 "(29.21cm) cold hammered forged barrel, the V7 offers optimal handling and maneuverability. It has an improved [DANIEL DEFENSE](#) flash hider to reduce gun exit flash. The mid-length (9 inch or 22.86cm) gas borrow system provides a smooth and reliable duty cycle, reducing perceived recoil and impact on moving parts. The front with M-Lok ® MFR 10.0 chip rail offers considerable weight savings, superior cooling, preserving a large panel of modularity, while maintaining the strength and durability demanded of [DANIEL DEFENSE](#) . With the M-LOK 7-position attachment system (sides) as well as its uninterrupted 1913 Picatinny rail on the top, the V7 has plenty of room to mount optics, sights and accessories. The rifle is finished with a soft touch coating on the stock and grip.

- LOWER RECEIVER: CNC milled 7075-T6 Mil-Spec aluminum casing with Type III Hard Coat Anodized finish. The Magazine Well is reamed and upgraded for quick reloading. Inserts for Heavy

Duty Quick Release Grenadiers (available from SIMAC ref: DDZ002).

- UPPER RECEIVER: Black with optical position markings and accessories. M4 power ramp. CNC milled Aluminum 7075-T6, Type III hard anodized.
- BARREL: Chrome Moly Vanadium steel, Forged cold hammered. No scratches 1: 7, barrel length 16 ? (40.64 cm), M4 profile, chrome and Phosphate coating, Magnetic Particle Inspection (anti-cracking quality control process by magnetic resonance imaging), Tested with high pressure cartridges.
- Direct gas borrow system, CNC-milled 4140 Tempered Steel gas block, hardened Phosphate coating, gas borrowed length: Carbine (7 "chromed steel tube or 17.78 cm)
- Daniel Defense muzzle brake in 17-4 PH stainless steel, surface treatment with sodium nitrate. 1?2 × 28 thread
- In front of Daniel Defense MFR 10.0 in Aluminum 6061-T6 picatinny rail on the top and M-LOK on the other sides
- Movable cylinder head assembly: Profile M16, Mil-Spec with Magnetic Particle Inspection, Chrome coating, Gas Key with crimped nuts.
