- waterproof test in 1 meter of water at 50°C for 2 minutes

A versatile battue scope with its wide magnification range. It will allow you to apprehend big game (wild boar, stag, roe deer) at short and medium distance.

Its luminous reticle 4 with adjustable intensity will be able to adapt to any type of ambient light, for hunting actions at dawn, in full sun, in the undergrowth or in large bright clearings.

Its robust and reliable design and will make a flawless optic, able to withstand the worst climatic conditions and withstand the strongest caliber of hunting.

Its 1x magnification brings ease in aiming. With its wide field of view and ultra-sharp image resolution, moving target acquisition will be comfortable and natural, also allowing shots with both eyes open.

A telescope with the best quality / price ratio which will prove to be formidable in efficiency in front of a company of wild boar.
