### Semi-automatic shotgun with an elegant wooden stock!

Excellent semi-automatic inertia shotgun: the modernity of the semi-automatic combined with the traditional wooden stock.

- Pistol grip walnut stock
- Ultra comfortable soft recoil pad
- Housing pre-drilled for optical mounting
- Ergonomic trigger block
- Barleycorn handlebar + 5 cm fiber optic.
- 6-pin rotary locking system (patented)
- Interior/exterior chrome barrel of 71 cm (28") or 76 cm (30") tested steel balls
- 5 chokes included: full (I) - Improved Modified (II) - Modified (III) - Modified Cylinder (III) - skeet (IIII)

### UNIQUE DESIGN

Its unique design, elegant lines and ergonomic structure have been produced with technological engineering studies.

### MAXIMUM RELIABILITY

Its maximum shooting success has been proven with a margin of error of 0.06 over 5000 shooting tests carried out in the presence of a notary public.

### SAFE SECURITY

You can keep the weapon at home in complete safety thanks to the plug and turn crown which detaches in a single gesture.

### PERFECT OPERATION

The special steel rails inside the case do not damage the case during operation of the mechanism and do not cause friction and snagging problems.

### REGISTERED PATENT

Many parts and mechanisms used are registered by national and international patent institutes.

### 18.7 IMPALA CANNON ADVANTAGE

The large bore diameter reduces friction and recoil, and provides excellent grouping by preventing shot

warping.

### **HIGH VISIBILITY**

Thanks to the rear sight and the original TruGlo front sights, it offers great visibility even in low light conditions.

### **EASY ASSEMBLY**

Whether at home or in difficult terrain, you can easily disassemble and install the mechanism group.

### **INNOVATIVE FEATURES**

Impala Plus has many innovative features in terms of design and quality.

### **PERFECT DOMINATION**

It offers excellent control thanks to the non-slip Gecko Touch material produced with Overmold technology.
