- 5 chokes included: full (I) - Improved Modified (II) - Modified (III) - Modified Cylinder (III) - skeet (IIII)

UNIQUE DESIGN

Its unique design, elegant lines and ergonomic structure have been produced with technological engineering studies.

MAXIMUM RELIABILITY

Its maximum shooting success has been proven with a margin of error of 0.06 over 5000 shooting tests carried out in the presence of a notary public.

SAFE SECURITY

You can keep the weapon at home in complete safety thanks to the plug and turn crown which detaches in a single gesture.

PERFECT OPERATION

The special steel rails inside the case do not damage the case during operation of the mechanism and do not cause friction and snagging problems.

REGISTERED PATENT

Many parts and mechanisms used are registered by national and international patent institutes.

18.7 IMPALA CANNON ADVANTAGE

The large bore diameter reduces friction and recoil, and provides excellent grouping by preventing shot

warping.

HIGH VISIBILITY

Thanks to the rear sight and the original TruGlo front sights, it offers great visibility even in low light conditions.

EASY ASSEMBLY

Whether at home or in difficult terrain, you can easily disassemble and install the mechanism group.

INNOVATIVE FEATURES

Impala Plus has many innovative features in terms of design and quality.

PERFECT DOMINATION

It offers excellent control thanks to the non-slip Gecko Touch material produced with Overmold technology.
