All SLx optics undergo rigorous field testing during development to serve you best in any environment!

The Primary Arms 3-18x50mm First Focal Plane Illuminated Riflescope performs well above its weight class. With 3x magnification, quick shots at close range are a breeze thanks to the daylight-lit reticle, but the scope easily allows shooters to hit the 1,000-yard line when scoped to 18x at highest magnification.

PRIMARY ARMS provides high quality shooting and hunting optics.

Using selected materials and qualitative lenses, the PRIMARY glasses offer an important sharpness and clarity of the image.

At the same time intended for the sports shooter, the hunter or the military, the PRIMARY optics will resist the worst conditions and treatments, while maintaining their precision and their adjustment.

Features:

Magnification: 3x-18x

Lens diameter: 50mm

Series: SLx

Exit pupil diameter: 16.20 mm (3x) - 2.70 mm (18x)

Eye Relief: 99mm (x3) - 88.9mm (x18)

Field of view at 100m: 11.18m (x3) - 2m (x18)

Length: 33.52cm

Night vision: no

Reticle: ACSS HUD DMR 308

Reticle type: BDC (Bullet Drop Compensator)

Reticle Color: Red

Tube diameter: 30mm

Total elevation and windage adjustment: 14.5 MIL

Weight: 720g

The pattern of the BDC (Bullet Drop Compensator) reticle predicts the drop of a bullet at a given distance. If your rifle is set to 100 yards, for example, the dots below the reticle tell you the impact of the bullet at 200 yards, 300 yards, etc.
