A 22 LR Victrix rifle in 3 barrel lengths: designed for demanding small bore sports shooters.

- Rifled and lapped barrel in AISI 416R steel. 3 barrel lengths to choose from to adapt to your favorite ammunition and distances.
- Stock with multiple horizontal and vertical adjustments and insulated adjustable cheekpiece, equipped with an Anschutz-type rail on the underside
- Single column polymer magazine with 10 shots + 1 in the chamber
- 20 MoA Picatinny Rail
- Comes with Explorer carrying case, user manual and welcome kit
- High-strength one-piece lightweight alloy chassis
- Light alloy front profile equipped with a lateral M-LOK® system and QD (Quick Detach) attachments, an integrated Anschutz-type rail in the middle and an integrated Arca rail over the entire length
- Ergonomic, interchangeable zero-angle flat top handle for standard AR platform
- 20 MoA action rail
- Short action in AISI 630 produced from the billet through milling and turning with finishing on electroerosion and grinding machines. Bolt with three asymmetrical lugs: first lug on top of the barrel in a vertical position (at 12 o'clock) and two side lugs arranged at a lift angle of 105 degrees; equipped with grooves and interchangeable bolt lever
- Matte PVD finish on the receiver and polished PVD finish on the slide
- Victrix Sporting Plus Single-stage adjustable trigger with two-position safety: standard setting approx. 400 grams (14.11 oz)
- Protective bag for safe transport
- Explorer transport case cod. 13513
- User manual and welcome kit
- folding stock.

- barricade stop

Riflescope and bipod not included!

THE TOOL OF THE TRADE.

Do you really play your sport with the first things you have on hand? Leave the editing and adjustments to others.
Let us introduce you to our Victrix Venus, the first European rifle designed for Precision Rifle Series ® shooting, ready for delivery and in different versions. Leave the unexpected to your competitors.

THE CHARM OF PRECISION.

Precision shooting needed beauty, to emphasize the harmony of the sporting gesture. This is why Victrix Venus was born, our homage to Venus Victrix, the goddess who conquered the hearts of all men. Venus is the sporting rifle from Victrix Armaments that celebrates the charm of precision. Move, target, shoot, repeat. Hit the target, shot after shot, and repeat.

A VENUS FOR PROS.

We do not live on myths and legends. They inspire us, but it is not our reality. We decided not to live on dreams, but on work, design and precision.
This means, for you, a competition-ready catalog rifle, no waiting for customization, no unnecessary heavy components, a one-piece chassis with an integrated Arca rail, and many other things. Beauty, essence, precision: this is your new Venus.

Sniper rifle shooters.

We are shooters, before being manufacturers and designers. What does that mean ? Every choice comes from our direct experience, and that of our experienced shooters, acquired over the years. This way we can be innovators, to deliver to you a rifle that is perfect and ready for the firing line.
