Daniel Defense Delta 5 Pro Picatinny Rail Extended

https://simac.fr/en/produit-3965-Daniel-Defense-Delta-5-Pro-Picatinny-Rail-Extended

SKU	Designation	French Law	Length (cm)	Weight (g)	Mounting	MSRP
DDZUG20	Delta 5 Pro Picatinny Rail	Vente libre	50	246	21mm rail	480.00 € incl. tax

Attaches to the DELTA 5 PRO receiver and top of the chassis fork using the included screws and M-LOK mounting hardware.

The extended Picatinny base, providing 20 MOA / 5.8 MRAD of elevation for the DELTA 5 PRO bolt-action rifle, extends the length of the available 1913 Mil-STD Picatinny rail on top to the end of the handguard for a full 19.7" of continuous rail clearance. The one-piece design allows for the use of front-mounted optics such as night vision and thermal.

The Delta 5 Pro is the very first bolt-action rifle from American leader Daniel Defense.
