- **Rail:** 11 mm trapezoidal type
- **Sights:** open
- **Grenadières:** present for sling attachment
- **Total length:** 106 cm
- **Finish:** black synthetic

A rifle designed for recreational shooting and training

Whether you're honing your skills at the range or enjoying a recreational shooting session, the **NORINCO JW15** offers simple and intuitive handling. Its bolt-action mechanism provides smooth operation and proven performance, appreciated by both beginners and experienced shooters. It accepts all common **.22 LR** ammunition, making it easy to use every day.

Threaded barrel for sound reduction accessories

The 60 cm barrel is threaded for the installation of a compatible sound moderator. This feature is particularly useful for reducing noise during shooting sessions with appropriate ammunition. The barrel length also promotes good stability and optimal combustion of the ammunition.

Durable synthetic stock

The black synthetic stock offers robustness and easy maintenance. Resistant to the climatic variations encountered on outdoor shooting ranges, it retains its qualities over time. Its ergonomic design allows for a natural and comfortable grip during long training sessions.

Pre-equipped to receive an optical

Thanks to its 11mm trapezoidal rail, this rifle can easily mount a scope or red dot sight. The stock open sights, however, allow for immediate use right out of the box.

FAQ

Can this rifle be fitted with a scope?

Yes, the NORINCO JW15 has an 11mm rail allowing the installation of a compatible rifle scope or red dot sight.

What type of ammunition does this model use?

This rifle operates with 22 Long Rifle (22 LR) caliber ammunition and accepts commonly available commercial loads.

What are the conditions for purchasing this rifle?

This .22 LR caliber rifle is subject to French regulations applicable to category C weapons. Its acquisition requires the required regulatory documentation.
