The Elos A2 Notte Field superimposed shotgun from Fabarm benefits from a heavier weight, with its steel receiver, for better absorption of recoil.

With its steel frame, pistol grip, tulip forend and fiber optic front sight, the Fabarm Elos A2 Notte Field over-and-under shotgun is an ideal weapon for hunting in the plains and waterfowl. The barrels tested at 1630 bars allow the firing of high-performance lead substitute cartridges (steel, zinc, nickel balls, etc.) for shooting near wetlands.

The Elos A2 Notte Field over-and-under shotgun comes with 5 Inner HP chokes (Cyl-Short-Medium-Long-Xtreme). Fabarm is the only manufacturer in the world to allow the firing of steel balls in chokes greater than half choke with its Inner HP technology.

- Barrel finish: Satin bronzed
- Slope at the busk: 38 mm
- Heel slope: 58 mm
- Tulip front
- Length and wooden stock with non-slip texture on the pistol grip and handguard
- The wooden parts are worked with a sanded and oiled finish.
