A versatile and modular silencer

The **STALON X108** is an X-series suppressor designed to meet the needs of modern hunters. Its **telescopic design with rear extension** allows for a compact footprint while maintaining an **impressive 30 dB of sound reduction** . This model is particularly optimized for the .308 Win caliber, but remains compatible with a wide range of calibers up to .375 H&H.

Exceptional modularity

The strength of the X series lies in its **modular system** . The X108 can be transformed into the XS149 by adding a front part, allowing you to vary between a compact format and a more powerful version. This flexibility is ideal for hunters who practice both stalking and hunting on the move.

- **Caliber compatibility:** Max cal. .223, Max cal. 6.5mm, Max cal. .30, Max cal. .338, Max cal. .375
- **Available threads:** M12x1, M13x1, M14x1, M15x1, M16x1, M17x1, M18x1, 1/2x20 UNF, 1/2x28 UNEF, 5/8x18, 5/8x24 UNEF
- **Lifespan:** approximately 20,000 shots under normal use
- **Thermal resistance:** up to 250°C (with the need for cooling beyond 200°C at the gun mount)
- **Compatible accessories:** neoprene cover, open viewfinder, accessory holder

Technology and sustainability

With its **high-end anodized aluminum** body, reinforced internal baffles and **titanium** threads, the STALON X108 guarantees **exceptional robustness** . It is designed to withstand intensive shooting and high temperatures, while preserving the accuracy and reliability of the weapon.

Comfort and efficiency for the hunter

In addition to effectively reducing noise, the X108 also dampens recoil, improving shooting comfort and allowing you to maintain optimal concentration. Its telescopic design ensures **perfect balance** and prevents any barrel distortion.

A modular, durable and elegant silencer, which represents a safe investment for demanding hunters.
