A silencer designed for performance and precision

The **STALON X149** is the big brother of the X108, designed for hunters who prioritize **maximum sound attenuation** and uncompromising accuracy. With only **149 mm protruding from the barrel**, it offers an

impressive sound reduction of **32.5 dB** in .308 Win caliber, while ensuring optimal shooting comfort.

Modularity and versatility

The X149 is part of the **modular X** series. Thanks to its **interchangeable front end** system, it can be transformed: an X108 user can easily adapt it to an X149 by changing the front end. This flexibility allows for multiple silencers with a single body, reducing the overall investment.

- **Caliber compatibility:** Max cal. .223, Max cal. 6.5mm, Max cal. .30, Max cal. .338, Max cal. .375, Max cal. .45
- **Available threads:** M12x1 to M18x1, 1/2x20 UNF, 1/2x28 UNEF, 5/8x18, 5/8x24 UNEF
- **Lifespan:** approximately 20,000 shots with regular maintenance
- **Heat resistance:** up to 250°C, with melting point of the backing at 200°C
- **Compatible accessories:** neoprene cover, open viewfinder, accessory holder

STALON technology and robustness

Constructed from **high-quality anodized aluminum**, the X149 is reinforced with a **stainless steel core** and **titanium threads**, ensuring unparalleled strength and durability. Its telescopic design allows for **balanced weight distribution**, effectively reducing recoil and improving shooting stability.

An ideal choice for stalking

Designed for hunters seeking **maximum discretion**, the X149 excels particularly in quiet forms of hunting such as stalking and stalking. Its attenuation power and modularity make it a **durable and strategic investment**.

Choosing the STALON X149 means choosing a **high-end silencer** combining technology, reliability and Swedish elegance.
