Short Barrel Rifle version, ideal for CQB.

Compact and easy to carry, the Daniel Defense DDM4 PDW Short Barrel Carbine is the kind of AR15-style firearm you can rely on for personal and home defense...and it's also a very fun gun to shoot . The 300 Blackout 7-inch cold-forged barrel keeps loads subsonic and provides excellent ballistics for a shorter barrel.

- Ultra-compact platform with 7-inch barrel, 1:7 twist for compatibility with subsonic and supersonic loads.
- The Maxim Defense CQB Gen 7 stock with an improved buffer system performs reliably with or without suppression.
- The linear compensator directs the muzzle blast toward the front of the shooter. The muzzle thread (5/8-24) allows customization of the muzzle device.
- The GRIP-N-RIP charging handle fits both left- and right-handed shooters.

This highly maneuverable SBR PDW is equipped with the Maxim Defense CQB Gen 7 stock and comes with a 6-inch MFR XL flat front rail for fast handling, accuracy and reliability while providing compatibility with a wide variety of accessories . This firearm is equipped with M-LOK attachment points and a SLR M-LOK MOD2 Plain Front Handstop to ensure a safe shooting experience.

- **Lower:** Mil-Spec with improved flared magazine well and rear receiver QD attachment point. CNC machined from 7075-T6 aluminum.
- **Upper:** Mil-Spec with index marks and M4 feed ramps. CNC machined from 7075-T6 aluminum.
