- Lower picatinny rail with 6 slots for attaching a bipod or a lamp.
- Comes with a cover, 1 x 16 mm stock extension, 3 Torx keys and 2 x 4-shot magazines.

#### MONZA .308 bolt action repeating rifle

The Monza has everything to offer what you expect from a modern rifle. A simple, lightweight and reliable design gives the highest level of confidence in all kinds of circumstances. The easy-to-use slide moves in the receiver in a perfect way to ensure the best follow-up of shots. It can be disassembled in the field without any tools and ready to operate in various scenarios. It offers both easy follow-up of shots in closed areas and perfect accuracy at long range. It allows rapid multiple shots thanks to its perfect operating mechanism and

excellent balance.

Having many years of experience with rifles, Istanbul Silah includes all its design, R&D and 100% production efforts under the same roof. Produced with a new generation quality culture that combines skilled hands with the highest technology.

Original Monza barrel with button rifling, made of high performance steel. With 4 grooves, 4 sets of 1/10 RH(20", 22") and 1/12(24") RH twist rate and finished with an 11° crown. Anodized finish for maximum protection against scratches and corrosion. Muzzle thread available for all models.

**Locking:** The Monza's locking mechanism can be disassembled without any tools. By simply rotating the firing pin cap, you can remove and clean the firing pin, percussion spring and follower in the field when necessary.

**Scope Mount & Rail:** The Mil STD 1913 21mm picatinny rail is removable, the receiver is suitable for schewenk. The Monza comes ready to install different types of mounting bases when the picatinny rail is removed. The 2 inch, 21mm universal bipod rail is compatible with most accessories.

**Magazine:** Easily detachable 4+1 steel magazine. Thanks to the double row, faster loading and comfortable use.

**Stock with optional adjustable comb:** The perfectly ergonomic synthetic stock reinforced with fiberglass combines lightness and durability. The adjustable comb allows for perfect harmony between the rifle and the shooter, whatever the chosen aiming mode: red dot, scope or open sight.

**Sights:** Orange fiber optic front sight mounted on 10mm dovetail and 2 yellow fiber optic rear sight adjustable in windage, integrated into the upper picatinny rail.

#### **Microdot 1-4 x 24 illuminated driven rifle scope (OC1424):**

- Magnification 1 to 4 times
- Lens diameter: 24mm
- Body diameter: 30mm
- Correction: 1/2 MoA (1.45 cm at 100m)
- Etched illuminated reticle (reticule 4) with 11 levels of illumination
- Tool-free adjustable hunting turrets with protective cap
- Protective caps
- Wide field of vision: 40 m at 100 meters in x1 magnification
- Length 26.5cm
- Weight 465g
- Multi-coated lens treatment
- Waterproofing tested in 1 meter of water at 50°c for 2 minutes

A versatile hunting scope with its wide magnification range. It will allow you to capture big game (wild boar, deer, roe deer) at short and medium distance.

Its 4-light reticle with adjustable intensity will be able to adapt to any type of ambient light, for hunting actions at daybreak, in full sunlight, in undergrowth or in large bright clearings.

Its robust and reliable design will make a flawless optic, capable of withstanding the worst weather conditions and resisting the highest hunting caliber.

Its 1x magnification provides ease of aiming. With its wide field of view and ultra-sharp image resolution, acquiring moving targets will be comfortable and natural, also allowing shots with both eyes open.

#### **Economical 21mm Picatinny Weaver rail clamps (MK5102):**

Pair of collars with simplified structure in 2 parts and 4 screws to be both strong and economical.

Kastelberg has developed a more economical collar concept by combining the functions of clamping the bezel and fixing the collar to the rail in a single mechanism! Each collar is made up of two vertical half-collars and tightening the 4 screws allows both the bezel to be clamped in the collar and the rail in the clamps of the collar.
