Bolt-action rifle for hunting with an excellent quality/price ratio

A pleasant and well-designed rifle with many integrated options!

- Oiled and sanded wooden stock
- Textured, non-slip grip on the handle and front
- 56 cm (22") cold-forged and chrome-plated steel free-floating barrel with 1:10" twist rifled barrel and Cerakote coating
- Capacity: 4+1
- Safety accessible with the right thumb
- Adjustable trigger
- 15-slot Picatinny rail for optical mounting with integrated fiber optic sight.

Comes with a cover, 3 Torx keys and 2 x 4-shot magazines.

Wooden stock and forend Turkish Walnut - This wood comes from the species "Juglans Regia" native to Iran and is the same species as English walnut. Although the mineral content of Turkish soil gives the wood a different color, it still shows dark brown or black mineral lines.

MONZA .308 bolt-action manual repeating rifle

The Monza has everything to deliver what you expect from a modern rifle. A simple, lightweight and reliable design gives the highest level of confidence in all kinds of circumstances. The easy-to-use slide moves in the receiver in a perfect way to ensure the best tracking of shots. It can be disassembled in the field without any tools and ready to operate in various scenarios. It offers both easy tracking of shots in closed areas and perfect accuracy at long range. It allows rapid multiple shots thanks to its perfect operating mechanism and excellent balance.

Having many years of experience with rifles, Istanbul Silah includes all its design efforts, R&D and 100% production under one roof. Produced with a new generation quality culture that combines skillful hands with the highest technology.

Original Monza barrel with button rifling, made of high performance steel. With 4 grooves, 4 sets at 1/10 RH(20", 22") and 1/12(24") RH twist rate and finished with an 11° crown. Anodized finish for maximum protection against scratches and corrosion Mouth thread available for all models.

Locking: The Monza lock mechanism can be disassembled without any tools. By simply twisting the firing pin cap, you can remove and clean the firing pin, percussion spring, and follower in the field when needed.

Scope mount and rail: The Mil STD 1913 21mm picatinny rail is removable, the receiver is suitable for schewenk. The Monza comes ready to install various types of mounting bases when the picatinny rail is removed. The universal 2 inch, 21mm bipod rail is compatible with most accessories.

Magazine: Easily detachable 4+1 steel magazine. Thanks to the double row, faster loading and comfortable use.

Stock with optional adjustable cheek piece: The perfectly ergonomic synthetic stock reinforced with fiberglass combines lightness and durability. The adjustable cheekpiece allows perfect harmony between the rifle and the shooter, whatever the aiming mode chosen: red dot, scope or open aim.

Sights: Orange fiber optic front sight mounted on 10mm dovetail and rear sight with 2 yellow fiber optics adjustable in drift, integrated into the upper picatinny rail.
