### Ideal for mounting rifle scopes without having to disassemble them.

The Remington 700 Non-Quick Release Mak Mount with 30mm Rings is an accessory for installing optical devices on firearms.

### Features :

- Permanent installation allows for a more secure, longer-lasting fit without sacrificing fit accuracy. It is mounted on the receiver and secured with screws.
- The support is designed for mounting sights with an axial tube diameter of 30 mm.
- Material: High strength anodized aluminum alloy.
- Height: 17mm.
