an accessory for installing optical devices on firearms.

It is ideal for mounting rifle scopes without having to disassemble them. It is made of a very durable aluminum alloy, actively used in the aviation industry.

Features :

- Permanent installation allows for a more secure, long-lasting fit without sacrificing fit accuracy.
- It is mounted on the receiver and secured with screws.
- The support is designed for mounting sights with an axial tube diameter of 30 mm.
- The country of origin is Germany.
- 30 year warranty.
- Material: High strength anodized aluminum alloy.
- Height: 11mm.
