The high-performance riflescope from the TAC series for precision shooters.

Ideal for those looking for a riflescope for long distances that can be adapted very quickly and easily to the respective operational situation. Typical areas of application for this scope are the 100 to 300 m disciplines of all sports and military shooting associations. Parallax compensation allows focusing from 30 feet to infinity. The precise 1/8 MOA click adjustment can be quickly adjusted and protected against twisting.
