A truly unique 1911 with stepped cocking notches, slide relief cuts for faster bolt locking.

- 45 acp or 9x19 caliber
- 5" (12.7cm) forged steel barrel with 1:16" (406mm) rifling pitch
- Stainless steel frame with Picatinny rail
- Stainless steel cylinder head with aggressive gripping ridges front and rear
- Sights raised to silencer height, fiber optic sight
- Openwork hammer
- Large beaver tail
- G10 handle
- Mil-Spec standard guide rod
- Capacity 8+1 (.45 ACP) / 9+1 (9x19)

The Kimber Rapide Scorpius is designed to deliver a superior shooting experience. Its stepped cocking grooves and slide relief cutouts reduce weight and improve the weapon's balance, facilitating rapid target acquisition. The match-grade stainless steel barrel, with a 1:16-inch left-hand rifling pitch, ensures optimum accuracy. The barrel's black DLC finish provides increased resistance to wear and corrosion.

Tru-Glo TFX Pro Day Night sights, with an orange ring on the front, provide exceptional visibility in a variety of lighting conditions. The stainless steel frame and slide, with a KimPro II black finish and polished faces, give the pistol a refined appearance and durable protection from the elements.

The aluminum V-trigger, factory set between 4.0 and 5.0 pounds, provides a crisp, responsive shooting feel. The pistol also features a flared magazine well for fast, efficient reloads. With a 9-round magazine capacity in 9mm, the Rapide Scorpius is ready to meet the expectations of the most demanding shooters.
